HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER

HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive

Carriage Factory,
Corner of Second and Morrison Streets.

He respectfully refers to the following

CARD.

Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.

It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha, so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.

It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO JUNE 3.

Washington News in General.

WASHINGTON, June 3.—The report that the Commissioner of Internal Revenue had decided that a special tax should be paid on Central and Hudson Railroad scrip is untrue. The matter is being investigated.

The Red Cloud and Spotted Tail delegations had an interview with the Secretary of the Interior and Commissioner Parker to-day.

The Reconstruction Committee has concluded the Tennessee investigation. Some Congressional action may be recommended at the next meeting.

The President nominated Wayne McNeigh, of Pennsylvania, Minister to Turkey, and Adolph Buckner Consul to Bucharest.

CHICAGO, June 4.—The *Times* Washington special says the House Reconstruction committee by a vote of eight to seven agreed to amend the Georgia bill so as to require an election of a new State Legislature the coming fall.

An analysis of the vote in the House on the proposition to abolish the income tax, shows 30 Republicans and 28 Democrats voted for, and 109 Republicans and 17 Democrats against.

The debate on Mr. Beck's amendment taxing Government bonds, was very sharp, principally between Gen. Butler, Beck and Eldridge in favor, and Schenck against. The latter denounced the proposition as flat repudiation. 29 Republicans, among whom was Sargent, voted in the affirmative.

Congressional.

In the Senate, memorials on the subject of the massacre in Roumania was referred to the Foreign Committee.

Williams introduced a joint resolution, authorizing the Secretary of the Interior to increase the compensation of the Assistant Marshals for taking the census, 50 per cent.

In the House, a bill passed amending the previous act so as to allow writ of error in Territories from decisions in Probate Courts to the Supreme Court thereof.

Cox's amendment reducing the income tax to 3 per cent. was adopted by 114 to 77. Hale's amendment, making an exemption of 2,000 was adopted by 138 to 52. Judd's amendment, to confine the tax to invested capital, and Potter's amendment that income tax cease after 1870, were rejected. Fenkleburg's amendment adopted, limiting allowance for house rent to $500. Several minor amendments were adopted. McCarthy's amendment, to strike out all of the section in relation to income, was rejected.

Report on Cuban Affairs.

NEW YORK, June 3.—The *Herald* publishes the forthcoming report of the House Foreign Affairs Committee on Cuba. The report is very long. It opens by referring to a number of petitions in behalf of Cuba, signed by 55,000 people of the United States; recapitulates the history of the early stage of the Patriot's struggle; the promise of immense effort and exertions of Spain's cruisers; figures show increase of the Cuban force from October 10th to the present, when they have 60,000 men armed, and 20,000 enrolled and drilled, but not armed. They claim that with a supply of arms they can put in the field 200,000 men. The action of the Cuban men in the field since the declaration of independence is reviewed at some length. The report details official information as to events in Cuba received by our Government, as well as that of Spain, and declares that the proximity of Cuba gives these events an importance not fully appreciated by the United States, from the fact that Spain seeks to reinforce her navy and war supplies, while the Cubans appeal to our people for sympathy and support, the Cuban question becomes an American question. The report concludes: "In view of all these facts it is no longer civil commotion, as it has been hitherto regarded by the United States, nor a mere domestic question, as represented by the Spanish Government, but a protracted civil war, and our first duty is a trial of it as such, and in accordance with the law of nations to declare and maintain, with regard to parties engaged therein, strict and impartial neutrality." The record, it says, would justify the Government in recognizing the independence of Cuba, or a declaration of war, but we propose only to provide for any emergency to the extent required, but no further. Report was completed last April, and adopted by a majority resolution of the Committee; but no opportunity is offered to bring it with an accompanying resolution before the House for final action. The report makes no recommendation regarding murdered Americans, although it denounces in strong terms the cruelty and cowardice which caused their death. Voorhees and Logan will be prepared with a resolution in addition to that reported by Mr. Banks, authorizing and instructing the Executive to demand prompt indemnity from Spain.

Revenue—Schenck's Tariff Bill.

WASHINGTON, June 3.—The receipts of internal revenue to-day were $2,000,000.

Gen. Hancock.

SIOUX CITY, June 3.—Gen. Hancock arrived here from the Upper Missouri to day, where he has been engaged in distributing troops at different Indian Agencies, reports all quiet along the river. In reference to the press reports from Washington charging him with having treated the President with discourtesy on different occasions, when the latter was General of the army, and giving this as a reason why the President refused to assign him to the command of the Pacific, the General asserted that these allegations were in the main false, and stated that he intends to take an early occasion to reply to them, now that they appear with a seeming impress of authority, thus offering him the only opportunity ever presented for a formal reply.

Tennessee Legislature.

NASHVILLE, June 3.—Resolutions against repudiation were offered in the House to-day.

The bill amending the charter of the Cincinnati and Chattanooga railroad company passed.

The New Funding Bill.

NEW YORK, June 4.—All the Washington specials this morning agree in asserting that the new Funding bill matured by the Ways and Means Committee, is eminently distasteful to Secretary Boutwell, and the members generally express the opinion that there will be no legislation on finances this session. Although the Committee have been very reticent concerning its provisions, it has been learned that the first loan is for $1,000,000,000 consolidated stock; second—that bonds are plain 4 per cent., 30 year obligations, free from National, State or municipal taxation, except as imposed on incomes; third—that deposits of gold in Treasury at 3 per cent. interest are authorized, (the proceeds of such deposits to be used in redemption of Five Twenties) beginning with the issues of 1862. This is the length and breadth of the scheme. The proposition of Boutwell for foreign agencies is left out, and there is not a word about banks in the bill.

Canadian Report Concerning Reille.

TORONTO, June 3.—Dispatches from St. Cloud say Reille is dissatisfied with the Manitoba bill, because it does not provide for general amnesty. He intends to resist the Red River expedition. He has 250 men at Fort Garry and 800 on the prairie. Reille is said to be robbing the mails to procure funds previous to leaving for the United States.

Political.

CHICAGO, June 3.—The contest for Republican Congressional nomination in the Fifth Iowa District, between Palmer, sitting member, and Kasson, which has been unprecedentedly bitter, ended yesterday by the nomination of Palmer.

FORT MONROE, June 3.—Spencer Wright and Columel were executed yesterday for the murder of M. Wescot in 1868.

HAVANA, June 3.—Steamer *Spain*, from Cadiz brings 450 troops.

WILMINGTON, June 3.—The Republican County Convention have nominated negroes for both branches of the Legislature and sheriff. Much dissatisfaction is expressed, and a new convention will probably be held.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, June 4.—John Brian, who was shot by a policeman while raising a plant consisting of the plunder of Gen. Colton's house, three months since, died at the county hospital, yesterday, of his wound.

The Eight Hour League, at their anniversary meeting last night, adopted the following: Whereas, It has become a custom of the few that manage political parties, to secure themselves power, and nominate political tricksters, who deceive the people after election, and as an election is now approaching, and we will be expected to vote a party ticket, or ruled out; and as we intend to vote as conscience may dictate or approved, therefore, *Resolved*, That no party tie or personal consideration shall induce us to vote for any man for office who is not now, has been, and will pledge himself to continue to be in favor of the eight hour system of labor; and we will look upon any evasion of the question as not only equivalent to, but worse than open opposition.

SAN FRANCISCO, June 4.—The managers report that 152,000 tickets in the Mercantile Lottery are sold or engaged. They could not sell any more to day on account of not being printed fast enough. There is plenty around town for sale.

The Bostonians received a salute at 11 A. M. on landing at Alcatraz, and again on leaving. The Pullman hotel train from Omaha June 2d, is due on the 6th at 6 P. M.

The sales of stock at the morning Board were extensive, including $1,600. Treasure, 550; Mammoth, 600; H. T., 700; Jacket, 335; Ophir, 595; Jacket, 547; Overman, 69; Belcher, 15; Occidental, 9; Curry, 85; Ophir, 8½; Imperial, 26½; Alpha, 9; Amador, 195; Kentuck, 38; Chollar, 28; Point, 11; Savage, 33½; Norcross, 130; Nevada, 7.

OREGON.

The Picnic fever is raging in Linn county.

Dr. J. H. McCord has been bound over in the sum of $300, on a charge of rape upon Mrs. A. M. Crawford in Linn county.

Gault says the Salem *Press* found that it was too expensive taking telegraphic dispatches, so the Business Manager went to taking affidavits.

The canvass in Douglas county has been conducted in the ablest manner by Hon. Binger Hermann and Jas. A. Odell and others for the Republicans. Douglas will give a handsome Republican majority.

A Chicago company had their representatives in Salem a few days since seeking to get a contract to build a section of the Oregon and California Railroad. The company built about 500 miles of the Pacific road.

The Republicans of old Marion are a unit, and will roll up, to morrow, a *largely increased majority for the whole ticket.* This information comes to us direct, and from the very highest authority, and can be relied on implicitly.

The Democrats are confident that their majority in Lane county will exceed 200. We are not able to learn by what rule in arithmetic they arrive at this result, says the *Journal*. We will give our figures next week.

The *State Journal* says that Whiteaker said at Springfield that if the *interest* on the public debt could be *stopped* he would be in favor of paying the principal, "but if the payment of the interest should be continued, then he would be in favor of repudiating the debt."

Mr. R. Dinsmore, of Umatilla, writes us as follows, May 31st: "On a ranch about 9 miles from Umatilla on Umatilla river, one sheep was sheared whose fleece weighed 16½ pounds; the wool was of one year's growth only. It belongs to Burton and Job. I have this from Mr. Burton himself."

The Dallas *Republican* says that the Democratic nominees of Polk county, who were making a terrific canvass all alone, became so delighted at Independence on Monday morning over their prospects, by the free use of "Oh be-joyful," that they abandoned their canvass by failing to come to time when called, whereupon the unterrified became hugely disgusted and swear by Jeff. Davis, they would turn out no more.

Positive proof of the willful lies printed in the Salem *Press*, in the shape of "affidavits," has reached us in an extra issue of the *Republican*, of Dallas, dated May 31st. Capt. Lafollette and Judge Boise both make affidavit to the untruthfulness of the charges, stating that they have never received a dollar from the parties mentioned, or any other parties for any such purpose. Up to this time every charge made in that infamous sheet have proved utterly groundless and without a shade of truth.

A nugget of gold valued at $3,966 64 was taken out of a claim at Gimletville, Baker county, owned by Dr. S. A. Caldwell, on the 30th. It is very nearly solid gold, containing only a small fragment of quartz, and is worth at least $16 per oz. This claim has always been looked upon as the best in Baker county, and has yielded an unusual number of large nuggets, varying in value from $50 to $600. On the same day a nugget that was valued at $112 was picked up in the claim of Moore & Co., at Jack Knife, the gulch next to Gimlet.

The Albany *Register* says good news reaches us from every quarter of the State. Success perches upon our banner. Even Jackson county, the former stronghold of the Democracy, our cause will prove triumphant. While the Democracy are badly demoralized and broken in spirit, our friends are full of enthusiasm, and working joyfully, confident of an overwhelming victory. Even Grover, at the discussion at Jacksonville, acknowledged that the enthusiasm was against him, and it presaged defeat. Everywhere our cause is gaining in strength, and we shall carry the State next Monday in spite of false oaths, importations, and the free use of twenty dollar pieces.

The finances of the country are now in so easy and healthful a condition that it is becoming possible to reduce the taxes greatly. Congress is acting in accordance with this state of facts. The revenue system is being greatly simplified, and the taxes that were most onerous are being cut down or removed. The dispatches we publish to-day show that Congress has remodeled the income tax in such a way as to materially relieve those upon whom it was most pressing. The rate of taxation on incomes is reduced from five per cent to three, and all incomes below two thousand dollars are exempted from taxation. Other large reduction in various parts of the revenue system have heretofore been reported. The ability and economy with which the finances of the country are managed reflect credit on the Administration and justify the confidence reposed in the Republican party by the people. Last month the public debt was reduced by more than fourteen millions of dollars. Every month since Grant became President has shown a reduction. The Republican party can point with satisfaction to its record in this respect, and can go before the people with confidence that its record will be approved.

The practice of indiscriminate hand shaking is going out of fashion. Hereafter, it is to be confined to intimate friends of those who desire to express a cordial respect and regard for one another.

The Daily Oregonian

MONDAY MORNING, JUNE [illegible]

Exalted Motives

We have said and it is well known that most of the political excitement of the last few days in this city has been [illegible] by a small clique who think they have an [illegible] right to rule Oregon, but who [illegible] never done anything worth mentioning [illegible] the State. The immediate cause of the explosion of wrath was the [illegible] by Senator Williams of a land [illegible] scheme [illegible] which they had set their hearts and so very patriotic are these gentlemen that in order to get revenge for their disappointment they are anxious to throw the State into Democratic hands and willing to let the story go abroad that Oregon has approved of the dishonest and infamous doctrine of repudiation. Some of them were very indignant when the Albany repudiation platform came out and denounced it bitterly. But all this is changed. Repudiation is to be approved rather than that they should lose the profit they expected to make in land jobbing. Such are some of the exalted motives by which our 'best citizens' are actuated. 'Tis true 'tis pity, and pity 'tis, 'tis true. These gentlemen can fitly exclaim in the language of Philip Faulconbridge in *King John*, (slightly altered to suit the occasion) "Heaven guard our country's honor") *and our land*

That Independent Ticket

It is reported that an "Independent Ticket" has been concocted by a few Democratic and Republican conspirators for the purpose of distracting Republican voters from the regular ticket. It is understood that the names of Walter Moffitt and W W Chapman have been placed upon this ticket. Col Chapman authorized Mr Mitchell, at the Court House Saturday night, to say that such use of his name was unauthorized and that he would not run upon such a ticket. We are now authorized by Mr Walter Moffitt to say that if his name has been placed upon such a ticket, it has been done without his knowledge or consent, and that he declines to be a candidate upon such a ticket. Republicans should vote the regular straight Republican ticket and then they will not be deceived nor misled by the tricks of unscrupulous politicians.

Let Us Have Light!

The organ of the Ladd military road ring talks about what it calls "Williams infamous perfidy and subserviency to Holladay." This will appear remarkably cool when it is remembered that the action for which Williams is denounced is precisely in accordance with the instructions of the late Democratic Legislature. Was that body guilty of "infamous perfidy and subserviency to Holladay" when it designated this very route for a railroad which Williams now advocates? Were the Democratic members from this county, all of whom declared for this route, "sold out" to that "grasping monopolist" Ben Holladay? Let us have light! Where was Ladd that he did not utter his protest? We believe that he had then no stock or lands in the military road grant, which probably accounts for his having been silent.

Look to Your Tickets

Every Republican voter to-day should examine his ticket and see that it contains *only* the names of the Republican nominees. The Democrats have had printed spurious tickets, purporting to be Republican, but which contain the names of one or more of the Democratic candidates. They will also practice the dodge of *pasting* the names of Democratic candidates, over the names of Republican candidates on the genuine Republican tickets. Look out for *spurious* and *pasted* tickets. See that your tickets are the genuine straight Republican.

A Proposal to Trade

We hear upon unquestionable authority that certain Democrats who have large bets up on the election of one Democratic Representative in this county, are proposing to trade off Ben Norden or any other man on the Democratic ticket for Nat Lane. Republicans, do you want Nat Lane to represent you in the Legislature? Do you want the repudiating Democrat, Jas. K Kelly, elected to the United States Senate? If not, refuse all offers to trade, and vote straight for all the Republican candidates.

They Weaken

Within the last day or two, many Democrats who had money bet on the election of Ben Norden, have weakened and have drawn their bets. They now know that he cannot be elected, and if he can't no Democrat in this county can be elected. Hurrah boys for the entire, straight Republican ticket. All the signs are propitious. The Democracy will to-day meet with a Bull Run defeat. Up, men of Multnomah and chase the flying foe, even to the "last ditch!"

Look Out for Repeaters

We have positive testimony that Bill Newby, John F Miller and others have organized a band of "repeaters" in Yamhill, to vote, each man at all the precincts possible in that county to-day and then come directly to this county and to vote here. Look out for these raiders in all the outside precincts! Look out for them in this city! Challenge them wherever they may offer to vote! Look out for similar bands of "repeaters" organized by the Democracy in this city.

Vote the Straight Ticket

Republicans of Multnomah vote to day the straight Republican ticket. The Democrats are on the trade. They do not expect to elect *any part* of their ticket unless they succeed in trading off a part in favor of one or two particular candidates. Republicans do not trade a single man. You can elect *every man* on the Republican ticket if you refuse to trade and will vote straight. Go for an entire complete victory over *every* Democratic candidate.

400 Majority

Republicans if you do your whole duty to day, you can win a victory which will be felt throughout the State. You can poll a majority not a man less than 300. 400 majority in Multnomah will elect the entire Republican State ticket. GO for FOUR HUNDRED MAJORITY.

We don't think Mr Ladd has ever done enough for Oregon to entitle him to govern it. He has accumulated wealth here from the people, but will any one show that he has ever taken the lead in any great enterprise to develop and build up the State?

It has been stated and never denied that among the names signed to the secret agreement relative to the west side road which we publish elsewhere was that of W S Ladd. It is well, when such circumstances require it, to put such things as this on record.

Surrendered to a Monopoly

The last week of the campaign [illegible] to lay [illegible] memorable [illegible] course of the Democratic party in [illegible] dictation of an Oregon banker and the Central Pacific Railroad Company and making the fight exclusively in their interest and for their purposes. The Democratic leaders were but too glad to get rid of the [illegible] platform [illegible] their party had [illegible] with alacrity the [illegible] of Mr Ladd and his associates [illegible] the means necessary for this change of front [illegible] supplied [illegible] and [illegible] case. All the personal influence he could bring to bear and all the influence which the possession of wealth gave him he placed at the disposal of the party of repudiation. A great hue and cry about railroads was the result though the real truth of the matter which is plain to every person is that the Democratic party was induced to abandon the actual issues of the canvass and to pledge itself to run in the interest of Mr Ladd, banker of Oregon and the Central Pacific railroad monopoly of California.

A great outcry is made against Mr Holladay and it is asserted that he is using his influence to accomplish a political result. If everything alleged on this score were true the most that could be said is that his action in this respect is no worse than that of Mr Ladd and his associates who are trying to do the same thing. Mr Holladay it is said wants legislation in Congress. Mr Ladd it appears by revelations of the last few days wants the same thing. He wants a Senator in Congress who will look after the interests of his military road stock and give that and other like matters his constant attention. Hence he goes into the field and works to secure that result. He appeals to the people to defeat Republican candidates for the Legislature in the counties west of the Wallamet river so that a Senator may be elected who will be favorable to his land grant. The Central Pacific Company already own the Senators and Congressmen from California and Nevada and want to establish a branch of their monopoly in Oregon so as to control this State too. It appears that Mr. Ladd is their agent for this purpose, and has a partnership in the concern.

This, then, is the shape in which the contest is presented. They allege that Senator Williams has "sold out to Holladay," though he (Williams) has simply obeyed the instructions of the late Democratic Legislature and provided for locating a railroad where that body asked for it. Congressman Smith and others it seems, have 'sold out' to the Central Pacific, Ladd & Co and the same combination wants a Senator who will do their bidding. Hence their interference in the political affairs of Oregon. The Democratic party has sold out to them and is run solely in their interest. Its leaders have abandoned and forgotten all the original issues of the campaign.

Do not the people see that the argument which Democrats attempt to make against the Republican party goes with equal effect against their own party? The logic tells against its inventors just as strongly as against Republicans. According to their own argument, the Democratic party has given up the legitimate purposes of its organization, and is fighting for a monopoly against the interests of Oregon.

The Central Pacific Company's Scheme

Ladd & Co's organ attempts to argue that it would be impossible for the Central Pacific Company to cause the road which they are building northward from Marysville toward Oregon, to diverge from the direct route into Rogue River valley, for the reason that the Company would, in that event lose their land grant. They would not lose that part of it which is already certified to them. They would get the lands as far as they would build the road on the required route. Then they could diverge and go by way of Pitt river, leaving Southern Oregon out altogether. This they would be almost certain to do in case they should get the land grant from the Humboldt to Eugene, so as to make their California road connect with the branch. The advantages to be gained by taking that route would more than counterbalance the loss of a portion of the grant through Northern California on the direct route, for that route is very mountainous and difficult. Besides they would expect to make up the loss by receiving a new grant for the Pitt river route. To show that the Central Pacific Company are very probably intending not to build their road into Rogue river valley, or indeed not to enter Oregon at all unless they can get the land grant from the Humboldt to Eugene (the military road route) so as to connect their road coming up by Pitt river with it and thus consummate their scheme to get the entire control of Oregon, we present the following from the Sacramento *Union* of May 30:

> It is reported that until the country is settled up the California and Oregon Railroad will not be extended beyond Tehama and perhaps not farther than Chico. This is owing to the number of large Spanish grants and landed monopolies precluding population on the line of the road. The railroad company wishes to be the only monopoly there.

It begins to be evident from these and similar facts that the Central Pacific are going to stop building their road toward Oregon unless they can get such a change in their programme as was recently frustrated by Senator Williams. By that change Rogue river and Umpqua valleys would be cut off. A further indication of their intention appears in the fact that they have actually been surveying recently on the proposed Pitt river route. The more the subject is studied the more clearly apparent does it become that Williams action taken in compliance with the instructions of the Oregon Legislature was right.

A Very Small Roorback

The only new thing that the *Herald* contained yesterday was a new falsehood. It says that the bills got out to announce Mr Mitchell's speech at the Court House were headed as usual "Republicans to the Front" and that right below were the significant words "West Side Railroad Builders and their Employees to the rear." The truth about it is that the bills contained the words "Democratic Railroad Builders to the rear" and that some very honest Democrat, perhaps Grasshopper Jim himself, went and posted the words "West Side" over the word "Democratic." This operation showed great tact and ability. The word "Democratic" was meant to apply to some of those very eminent railroad builders who have been humbugging the people of the west side. There is no man in Portland who opposes the building of the west side road. All want it built. But all sensible people know by this time that it never will be built unless it gets into better hands.

Rev Henry Ward Beecher is to have an assistant in the person of Rev S B Halliday.

A Chapter of Railroad History

In his speech Saturday night Mr Mitchell gave a pretty full history of the original railroad [illegible] of this State, in which he showed that the enterprises on both sides of the river were delayed and almost ruined by the dishonesty of some of the same men who are now engaged in a bitter warfare upon Senator Williams and the Republican party. He showed [illegible] that the conduct of [illegible] and some of his associates was the means of [illegible] the organization of two companies to all the subsequent litigation and to the delay of the work for years.

Among other things Mr Mitchell read what has been known as the "secret agreement" entered into by six of the eighteen incorporators to [illegible] the whole enterprise, the discovery of which by the other ten disrupted the company and led to all the subsequent troubles. The men who signed that document are models of moral honesty, [illegible] now howl about the "perfidy" of Senator Williams. The following is an exact copy of that secret agreement signed by J Gaston and five others whose names were placed surreptitiously upon the articles of incorporation after the original eight corporators supposed the articles completed and filed:

THE SECRET FRAUDULENT AGREEMENT

We the undersigned part of corporators in the Oregon Central Railroad Company of Portland Oregon for the purpose of controlling the organization and future management of the said corporation and to make money and business thereby do hereby bind ourselves together, in the following contract as equal partners:

1st Each person here subscribing shall own have and be entitled to receive one sixth of all the profits dividends and moneys which can be made by and out of the ownership contract and management of the said corporation its franchises and other property.

2d That each of the parties hereto shall always be entitled to a place in the Board of Directors.

3d That the managing officers and agents shall always be selected from the parties hereto.

4th That this contract and agreement *shall not be known to the public as are other partnerships* [the italics are ours] and in no case shall any one or more of the parties hereto have any right or power to bind the other parties to this contract in any matter of indebtedness or pecuniary liability without their previous consent or subsequent ratification and any attempt to do so shall forfeit the entire interest of said party in this contract to his other partners.

5th *No assessments charges or expenses of any kind shall ever be levied or collected by the Board of Directors upon any of the stock held by any party hereto, nor upon any of the persons or interests herein named without the unanimous consent of all the parties hereto.*

[Italics are ours]

6th It is hereby agreed that one half of the capital stock of said company—to wit Two million five hundred thousand dollars shall be subscribed by one or more of the parties hereto upon the condition of the agreement and a Board of Directors elected and each person to this contract shall have an equal interest in said stock to be by him held and owned.

7th That, as a consideration to the other stockholders in said company to be public and to said corporation, the parties hereto agree to do all in their power to develop the property of said corporation and go forward in the matter with as much speed and energy as the circumstance will allow.

Dated Salem November 16th A D 1866.

Signed by J Gaston and five others of the ten corporators who signed the articles of West Side Company after the Legislature of 1866 had adjourned.

These are the men who are now howling about "perfidy" and who are trying to defeat Senator Williams because he has spoiled another game in which some of them have an interest.

A Nice Little Scheme

We have the proof that the Democrats intend to-day to play a trick to defeat Capt Dan O Regan candidate for the Legislature on the Republican ticket. The way they propose to do it is to have a few thousand slips printed with the name of Nat. Lane on them and to paste them over the name of Dan O Regan, on all the Republican tickets they can get hold of. Will Irishmen stand by and see their fellow countryman thus singled out for a special hostile attack? This is a sample of the way in which Democrats act toward Irishmen when up for office. The Democrats have no use for Irishmen except to do their dirty work, when one of them comes up for office, they *paste* him out. Irishmen, stand by O Regan.

Repudiation, No!

The response of our State is to be heard to-day to the proposition of the repudiation Democracy to commit Oregon to a scheme of State and National dishonor. By all means let the honor of this chief commercial city of Oregon be maintained on this issue. This city is asked to vote for repudiation to day. Let the verdict be a thundering NO!

Mr Ladd has probably missed an opportunity to make some money out of a land grant but we think the people of Oregon could better afford to make it up to him than to allow the shameful report to go abroad that their State has voted to break the national faith and tarnish the national honor by repudiating the national debt.

Fragment Wreck. We met Mr Clinton [illegible] on the streets Saturday bearing upon his shoulders a [illegible] of solid San Domingo mahogany which had been taken from the wreck of the [illegible] in the Columbia river near Astoria. The stick was as solid and as sound as any mahogany we have ever seen. The vessel has been frequently sketched by members of the press and accounts of her wreck have been [illegible] published but for the benefit of the new comers we repeat that she was wrecked [illegible] while on a trip down the river [illegible] lumber for San Francisco in those times when many a fortune was realised in a day. She has passed into several different hands since her wreck and has often been visited by persons curious to see what condition she is in. The writer visited her in the fall of 1865 and at that time the iron and copper yet in her hull was of some considerable value. Mr Clinton undertook to get her off a few years ago for the purpose of obtaining this material but failed in his efforts and the stick of mahogany which he had yesterday was all that he got for his trouble. We believe that the *Vilon de Grace* is now the property of Mr A S Mercer who intends to make some use of her remains in the future. Taking the sample of her wood shown us we are of the opinion that there is in her materials for many beautiful and durable pieces of cabinet furniture and mementoes of a memorable event.

An Advertising Abomination.—It is lucky this country does not own the Pyramids, the Parthenon or any of the great works of the ancients. If it did the tourist in search of health or knowledge would find emblazoned high on the sculptured walls such sentences as these "Use Cough Balsam — Buy Your Shirts at Moody's"—"Try Wine of Tar"—or similar inscriptions. It is not a little remarkable that in excavating the ruins of Pompeii none of these suggestive inscriptions have rewarded research. In this country the mountain tops, falls and cascades the rocks bridges, fences and trees have not escaped these evidences of high art and advertising enterprise and we should not be surprised to meet them on the high altar of the churches if that was permitted and regarded as a paying investment. The noble science of quackery is rapidly extending its range of labors. Its habit of ornamentation involves both city and country. It spares neither column nor paling and one is lucky who begins to build a dwelling in a conspicuous spot if he does not find, in a few hours thereafter a sign painted on the convenient surroundings recommending the use of some nostrum whose name even he had never before heard of. Laws have been enacted against the practice in some States but nothing short of the penitentiary for life would probably deter some of these advertising adventurers from inflicting this outrage on protesting individuals.

Places of Voting.—The County Court has designated places within the city for opening the polls on Monday next at the general State election, as follows:

Madison Precinct. Vote at the Court House.

North Portland Precinct. Vote at Willamette Engine House No. 1.

South Portland Precinct. Vote at the building on the northwest corner of Clay and Front streets.

CITY.

NEWSPAPER EDITING.—Few persons, who have not been connected for any length of time with a daily newspaper, can be aware of the ceaseless drain upon the capabilities of those whose unending duty it is to furnish a quota of news every day in the year—winter, spring, summer and fall—to supply the demands of the great public; nor can it be estimated until it is seriously undertaken. Rain or shine, sick or well, cheerful or gloomy—however unprepared the mind may be—the diurnal task—the columns of paragraphs—must be furnished within given time, and must be written. Somebody has written a very effective poem about the "Slave of the Lamp." Could it have occurred to him that he was painting the portrait of an editor. The man who, troubled with the *cacoethes scribendi*, "takes his pen in hand" when in the vein, and indites a paragraph or communication to the press, thinks, as he complacently reads his effusion the next morning that after all, it is no such great work to write for a newspaper; but let him bend down to it a year—and be obliged to furnish matter for the paper every day, and he will begin to feel some sympathy for the editor, and instead of judging him harshly, rather fall to wondering that he repeats himself so seldom—says so little that is not absolutely [illegible], and finds so many topics to write upon. The mere manual labor of writing pages enough of manuscript to fill two or three columns of a daily newspaper would be a good day's work for many people. But when we add to this, that of gathering the news about a great city—of arranging the details of names, time, and the comments necessarily attached to it—and all the labor of mentally preparing all this to meet the public demand, it will be admitted that the daily labor of the editorial room is not surpassed by any other occupation. We do not, in this list, count the multifarious duties connected with the other department of writing—the law—the commercial—the news summaries—the mass of correspondence—the selection from [illegible]—the patient perusal of contributions which must too often, after all, be rejected.

RELIC OF AN OLD WRECK.—We met Mr. Clinton, of East Portland, on the streets Saturday bearing upon his shoulder a stick of solid San Domingo mahogany, which had been taken from the wreck of the *Silva de Grace*, in the Columbia, near Astoria. The stick was as solid and capable of polish as any mahogany we have ever seen. This vessel has been frequently mentioned by members of the press, and accounts of her wreck have been as often published, but for the benefit of the new-comer, we repeat that she was wrecked in 1849, whilst on a trip down [illegible] laden with lumber for San Francisco—[illegible] when many a fortune was realised. She has passed into several different [illegible] since her wreck, and has often been visited by those curious to see what condition [illegible]. The writer visited her in the fall of [illegible] at that time, the iron and copper, yet in her, was of some considerable value. Mr. [illegible] tried to get her off a few years ago, for the purpose of obtaining this material, but failed in his efforts, and the stick of mahogany [illegible] yesterday was all that he got for [illegible]. We believe that the *Silva de Grace* is the property of Mr. A. B. Mercer, who [illegible] some use of her remains in the future. [illegible] the sample of her wood shown us, [illegible] impression that there is in her material [illegible] beautiful and durable pieces of [illegible] and mementoes of a memorable [illegible].

[illegible] ABOMINATION.—It is lucky [illegible] not own the Pyramids, the Parthenon [illegible] of the great works of the ancients, [illegible] in search of health or knowledge [illegible] emblazoned high on the sculptured [illegible] potencies as these: "Use Cough [illegible]"—"Buy Your Shirts at Moody's"—"Try [illegible]" [illegible] dollar inscriptions. It is not [illegible] that, in excavating the ruins [illegible] of these suggestive inscriptions [illegible]. In this country, the [illegible] falls and cascades, the rocks, [illegible] trees, have not escaped these [illegible] art and advertising enterprise; [illegible] be surprised to meet them on [illegible] of the churches, if that was [illegible] paying investment. [illegible] quackery is rapidly ex[illegible]. Its habit of orna[illegible] city and country. It [illegible] paling; and one is [illegible] to build a dwelling in a con[illegible] does not find, in a few hours [illegible] on the convenient sur[illegible] the use of some nostrum [illegible] had never before heard of. [illegible] against the practice in [illegible] but nothing short of the penitentiary [illegible] probably deter some of these adver[illegible] from inflicting this outrage on [illegible]iduals.

PLACES OF VOTING.—The County Court has [illegible] places within this city for opening the polls on Monday next, at the general State election:

[illegible] Precinct—Vote at the Court House.

[illegible] Precinct—Vote at Willamette Engine House No. 1.

[illegible] Precinct—Vote at the building [illegible] corner of Clay and Front streets.

[illegible]—Vote at a house on the south side of Columbia street, between Seventh and Eighth streets.

[illegible] Precinct Vote at Bills' warehouse, [illegible] of First street, between B and C.

[illegible] Precinct—Vote at the north side of [illegible] street, between Eighth and Ninth [illegible].

[illegible] Precinct—Vote at North Portland School House.

[illegible] Vote at the District School [illegible].

JUDGES OF ELECTION.—*Madison Precinct*—[illegible], Moses Seller and Josiah Failing.

[illegible] *Precinct*—Wm. Sherlock, C. S. [illegible] and Wm. Beck.

East Portland Precinct—J. H. Hayden, Ar[illegible] and D. C. Lewis.

[illegible]—M. M. Lucas, J. H. Egan, [illegible].

[illegible] E. R. Riley, O. Risley, and [illegible].

[illegible] H. P. Bloch, Geo. H. Flanders, A. L. Lovejoy.

[illegible] *Precinct*—Wm. Hartly, Wm. Cor[illegible] G. Sutherland.

[illegible] *Precinct*—G. Hosford, Wm. Dal[illegible] J. B. Stephens.

[illegible] REPORT.—In a private note, Mr. H. C. [illegible] of Monticello, states that the notice of his marriage, published in this paper recently, was an imposition upon both him and us, concocted by some contemptible puppy whom we should [illegible] turn out equally as well as would Mr. [illegible], to make an example which should be taken as a caution to any others who might attempt such things in future. It is very easy to play such games off upon people; but we assure the [illegible] writers that it will not be healthy for them if caught at the game when played upon us.

EAST PORTLAND BUILDING.—The *Jennie Alice* of Portland, and two or three others, with cargoes of lumber from mills along the lower rivers, are now discharging lumber at various points in East Portland. The large barge from Love's [illegible] above Vancouver, is also lying opposite this city loaded with lumber awaiting an opportunity to discharge her cargo. The new warehouses and [illegible] to be built by Stephens & Loryea will be [illegible] early next week.

MADISON PRECINCT.—In view of the fact that [illegible] for the office of Justice of the Peace was made at the Republican county convention for Madison precinct, the County Central Committee have placed in nomination Mr. John [illegible] Brock, an unflinching Republican, a man identified with the growth and prosperity of Oregon, and one whose capabilities to fill any position, county or State, are undisputed. His opponent is Albert M. Snyder, Esq.

MASONIC GRAND LODGE.—We learn of considerable preparation making already for attendance at the Masonic Grand Lodge which is to meet at [illegible] this month. The attendance promises to be more full this year than for any year previous.

CLEARED.—The bark *Live Yankee*, Capt. Wiggins, left Saturday, at noon in tow of the *Josie McNear*, for Cementville, there to load with lumber for her outward voyage to San Francisco.

SAND.—The *Fannie Troup* brought another [illegible] with sand to this city Saturday, to be used in the construction of buildings now in [illegible] of Mr. [illegible].

IN GOOD CONDITION.—The cargo of the *Ida F.* [illegible], now being discharged at the wharf of [illegible], is coming out in excellent order.

UNITED BRETHREN CONFERENCES.—The Seventeenth Session of the Oregon Conference of the U. B. Church, was held at Philomath, Benton county, Oregon, May 26th to 30th, 1870. Bishop Glossbrenner, of Ohio, presiding. Appointments —Conference District, T. J. Connor, P. E.; Columbia Circuit, W. H. Palmer, Washington, Circuit, L. M. Sallee, Clackamas Circuit, J. B. Lichtenthaler, Yamhill, M. M. Crow, Philomath, J. J. Gallaher, Calapooia, to be supplied, Umpqua, W. Hurlburt. Coos, W. T. Bonebrake, Marion Mission, I. J. Powell, Bridgeport, David Enos, Rogue River, C. E. Philbrook, Sauvies Island, J. E. Alexander. N. W. Allen, Agent for Philomath College.

T. J. CONNOR,
Secretary.

NEW LIFE.—The opening of telegraphic communication to Walla Walla, seems to have infused new life into the business relations of men in that part of Washington Territory. We hear of orders being received for goods by telegraph from Walla Walla. The relation of that region to Portland is now about the same as we sustained to San Francisco in the beginning of telegraphy between that city and this. The telegraph is but the forerunner of other more valued enterprises.

PICNIC.—The steamer *Senator* Saturday brought the Oregon City Sunday School of St. Paul's (Episcopal) Church down to Milwaukie, where a fine day was enjoyed, returning in the evening. A picnic of young ladies from this city went to the grove between here and Milwaukie, on the morning boat, and had a fine time, returning on a special trip of the *Alert* in the evening.

SAVAGE RUNAWAY.—A farmer's team of horses made a desperate run down Sixth street Saturday. They had a full head of speed on when they passed Morrison street, and kept straight along, blindly running into the marsh at the foot of Third street, where it required quite an effort to get them out. The damages amounted to considerable, but the horses were saved.

THE NEW HOTEL.—The contract to furnish the crockery and glass-ware for the new hotel in this city, was let to Mr. M. Seller last evening. Mr. Keith left yesterday morning, overland, on a flying visit to San Francisco, to purchase such other articles as could not be obtained here. It is now thought that the hotel will be opened by a public banquet on July 4th, 1870.

ACCIDENT.—Mrs. H. B. Oatman, of this city, was hurt pretty severely yesterday at East Portland, by being thrown from a buggy in which she was riding with her husband. It seems that the coupling of the pole broke, and this threw the vehicle off the planking of the road on one side, throwing the occupants into a ditch at the road side.

ORO FINO THEATRE.—The programme for the opening night at Oro Fino Theatre, by the Bates Troupe, appears elsewhere to-day. It is needless for us to urge patrons of this favorite company to be in attendance. The Theatre will very likely be crowded on this occasion.

ACCEPTED AND BRANDED "U. S."—A lot of 8 fine horses, furnished to this military department by Mr. Charles Russell, have been accepted under special orders No. 61, and were branded "U. S." on Thursday at the White House.

ADMITTED.—In the U. S. District Court, Saturday, Patrick Dougherty, a native of Ireland, N. Le Barta, of Canada, Jacob Beckman, of Bavaria, Wm. Beckel of Baden, and James Dile of England were admitted to citizenship.

VERY ILL.—The friends of Dr. Prettyman will regret to learn that the old gentleman is lying very ill at his home east of this city of typhoid fever. Yesterday it was not expected that he would live the day through.

FROM OREGON CITY.—The cargo of lumber discharged from the *Jennie Allen* at East Portland was from the mills of Messrs. Pease & Grepe, Oregon City. These gentlemen are establishing a lumber yard in East Portland.

SPECIAL POLICE OFFICERS.—In view of the approaching election, Marshal Saunders has appointed six specials. They went on duty on Thursday, and will continue to act until after the election.

The corner stone of the new "Commercial Hotel" was laid with ceremony at Salem on Saturday.

Judge McCoy and the Chinese.

EDITOR OREGONIAN:

SIR: With your permission I desire, in justice to Ben Holladay, Esq., and to myself, to contradict some of the direct and implied statements made by the public press opposed to him and to me.

It is charged that Mr. Holladay intends after election to employ—either himself or through those acting under him—Chinese laborers on the railroad. I will say that if such be his intentions I have no information of the fact. And I will further state that thus far Mr. Holladay has refused to entertain any and all propositions from me to employ Chinamen on the railroad; and that there has never been any contract made with Mr. Holladay relative to furnishing Chinese laborers upon the railroad, to my knowledge. There never were any contracts drawn, ready for signature, and returned until after election. If such contracts were agreed upon, and papers drawn and returned without being signed, the contracts were made by those on the part of the Chinese, who had no authority whatever, and are not responsible for what they did. I hold a power of attorney and declaration under seal from the Heads of the Companies and the subordinate Companies, endorsed by all the individual members of all classes, to act for them in all matters as agent, attorney in fact, and counsellor at law, in which it is stipulated that all contracts must be consummated by me, or by my consent. And all contracts are required to be made in writing, with security for payment—satisfactory. A duplicate copy of contract in all instances must be filed with the agent (myself), and all moneys received by the agent receipted for and paid over to the Heads of the company or companies furnishing the men.

All persons have been notified by myself and the several Chinese companies that all contracts must be concluded and moneys paid to the undersigned (their agent) except the purchase and sale of merchandise.

I cannot believe that Mr. Holladay has made any contracts for Chinamen, for the reason that he is aware that contracts made with any of the Chinamen (or any white man other than myself,) would not be recognized by me, and that under the articles existing between the several companies and individual Chinamen and myself as their agent, I have the power to annul all contracts with Chinamen since February 1st, 1870, in the State of Oregon,—unless made by my consent. And as for *Wa Kee Co.* I have been their agent and attorney for years. I have no acquaintance with Mr. Holladay, and never spoke to him but once. Some communications passed from me to him which he declined to answer. His reasons for not responding are best known to himself.

I had hoped that during the campaign and while this Chinese labor question was being discussed and agitated nothing would be said or done that would force me to appear in public print, but in this instance I am in duty bound to myself and the Chinese whom I represent to respond.

J. H. McCOY,
Chinese Agent and Attorney.

WASHINGTON TERRITORY.

[From the Seattle Intelligencer, May 30.]

Jas. G. Swan, Esq., was a passenger on board the *Olympia* for the Capital on Thursday last. He informed us that the steamship *Constantine* will leave for Alaska on July 1st, and for the future will take her departure on the 1st of every month, instead of the 20th, as heretofore.

The U. S. Revenue Cutter *Reliance*, now at Port Townsend, has almost completed her outfit, and will sail about the first of June next on a cruise to Behring Sea. She will be absent about six months. Her officers are, Captain, James M. Selden; First Lieutenant, William C. Piggott, Second Lieutenant, Geo. Hansell; Third Lieutenant, — Mason, and twenty three men.

An additional lot of those handsome suits worn by everybody, both heavy and light weight, was received by Rohn & Fishel, No. 91 Front street. They are equal to the best custom-made and pleasing to all men that wear them. They also received an extra fine lot of striped calico shirts and Star white shirt.

Their stock in clothing is the largest and finest in Oregon and sold at extreme low prices.

A Georgia Bluebeard had an unpleasant habit of cutting off his wives' noses for trifling offences. After serving two or three that way, he cut off his own head, and is now extinct.

LAST NIGHT'S DISPATCHES.

Washington News

WASHINGTON, June 4.—The funding bill of the Ways and Means Committee will prohibit banks from selling gold and purchasing bonds. The clause requiring National Banks to exchange the present bonds for new four per cent. bonds was stricken out.

Williams called up the resolution to increase the pay of census takers. He said the work in many States will be a failure unless increased pay is allowed.

The bill to reduce taxes was brought up on the final vote. Schenck offered an amendment, reducing the duty on tea to 15 cents, and on coffee to 3 cents per pound. The bill will take effect December 31st next. A long discussion and dilatory motions were followed by seconding the previous question and ordering the main question thereon. House adjourned without action.

In the Senate, Robertson reported a bill removing political disabilities from over 6,000 persons, residents of eighteen different States and the District of Columbia.

There was two hours discussion without action on the nomination of Benjamin Potts, of Ohio, for Governor of Montana, *vice* Ashley, to be removed. Norton, Howard, and others favored, and Sumner, Nye, Cameron and others opposed his confirmation.

From San Francisco.

SAN FRANCISCO, June 4.—The Bostonians, returning from a sail around the harbor, which did not extend to Vallejo, repaired *en masse* to Landsberger's Champagne Cellars, where Arpad Haraszthy spent two hours in explaining the complete process of champagne making in all its stages. None of the party drink intoxicating liquors, but one hundred bottles of champagne were consumed in illustrating the condition of the wine in its various stages.

Taxes to be Reduced.

[N. Y. Albany Journal.]

Fear is being unnecessarily expressed, that Congress will adjourn without doing anything toward a reduction of the burden of taxation. The anxiety arises from the difference of opinion which exist, and the ponderous slowness of movement on the part both of the Senate and the House. There has been some occasion for the anticipation of failure, but we believe it has passed. There is evidently a disposition to make large reductions, and the only difficulty is to harmonize the friends of such a course upon one measure. The income tax has been a formidable obstacle to unity of action, and it may not be yet wholly removed. Appearances, however, indicate a growing harmony of sentiment, with the probability that a new law, with radical amendments, will be passed, which shall reduce the rate to three per cent., and increase the amount of exemption. If Senator Sherman's bill shall be adopted, the reduction thus effected will reach fourteen millions of dollars. Mr. Sherman also proposes to remit the taxation which is imposed on business in various forms, making a total reduction of $34,607,000. Liquors, spirits, tobacco and incomes will then produce most of the internal revenue receipts. We need hardly add an expression of our gratification at the prospect that the revenue laws will be amended, in substantial accordance with this fundamental principle. We expect the Democracy will thwart it, if possible, as they are endeavoring to do in regard to tariff reforms. But the Republicans in Congress are alert to their responsibility. The business interests of the country need the relief proposed, and the condition of the treasury will permit its extension. Marked economy of administration, frugal expenditure, large payments toward the liquidation of the National debt, and a heavy reduction of taxation, with the improvement of the National currency and the National credit, form the financial record of the Republican party. With such an exhibit, following the suppression of the rebellion, the restoration of order, the reorganization of loyal Governments, and the extension and guarantee of freedom, the party of the Administration courts the judgment of the people.

Prostration Played Out.

Violent purgatives, emetics, salivants, blistering and bleeding have had their day.

The sick can no longer be persuaded that the best way to cure them is to destroy the little strength that disease has left them.

Dyspeptics instead of dosing themselves with epsom salts, aloes, colycinth, jalap, and other powerful cathartics, tone their digestive organs and regulate their bowels with Hostetter's Stomach Bitters.

Persons of bilious habit, instead of throwing the whole glandular system into a state of morbid irritation with mercurial poison, seek relief, and find it in the operation of that wholesome vegetable alterative upon the disordered liver.

Nervous sufferers, tremulous, weak and despondent recruit their shattered energies with a course of the great invigorant, and bless the day when the adulterated liquors of commerce were superseded by a medicated stimulant, perfectly efficient and entirely harmless.

Travelers by land and sea rejoice in the possession of an agreeable corrective, which protects them from the evil effects of malaria, from sea sickness, and from the disturbing influences of changes of temperature, and change of water.

The weak and debilitated feel their strength return, and their spirits revive under its bracing, appetizing, gently exhilarating action.

It is the only stimulant which cautious physicians can conscientiously recommend to ladies in delicate health, or to the aged and decrepid.

There is not a city, town or settlement, on the American continent, where it is not recognized as a household remedy, and a safeguard against epidemics; and in short, wherever there is intelligence, prudence and common sense, Hostetter's Stomach Bitters is pronounced a standard specific, for which, in the whole range of pharmacy, there is no substitute or equivalent.

The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. One of the Kentucky papers says [illegible] devoted to politics news education literature [illegible] and the general welfare of the people This is a big programme and if it can be [illegible] in Kentucky there may be hope for the State yet

J Bailey Brown of Clarksville Tennessee has received a patent for a new printing press Whereupon the Louisville *Courier Journal* says that "a man who invents anything under the disadvantages of a prominent middle name spelled out in that way deserves especial credit

In the first five days of May about sixty five applications were made to the proper government office at New York City, for the award of official numbers and signal letters to merchant vessels—indicating a very satisfactory start in the growth of the American mercantile marine

The census takers get two cents for every name taken two cents for every farm fifteen cents for every productive establishment of industry two cents for every deceased person and two per cent of the whole amount enumerated for social statistics and ten cents per mile for travel

The Temperance leaders in Maine have decided to call a State Convention in Auburn subsequent to the meeting of the Republican State Convention, for the purpose of nominating a candidate for Governor and making all necessary arrangements for perfecting the party organization in the State.

A traveler who demanded his trunk at a Baltimore depot before all others and was told by the Irish baggage master that he must have patience and wait his turn, turned upon the baggage master with "You're an impudent dog" To which he of the trunks rejoined "An' faith ye are a monkey, and it's a great pity that, when we two were made bastes, ye wasn't made an illiphant, so that ye could have yer blasted trunk under yer nose all the time"

The report of the Superintendent of Common Schools for the State of Ohio for the year 1869 represents the cause of popular education as making marked progress in that State The amount of money raised for school purposes is increasing, and equals that expended in any other State in the Union The number of children growing up in ignorance is diminishing and it is now difficult to find a native child fifteen years old unable to read and write

The Kentucky Republican State Central Committee held a meeting last week, and decided that it is not expedient to call a State Convention previous to the election for local officers in August. A committee was appointed to prepare an address to the Republicans of the State, impressing upon them the necessity and importance of prompt and thorough organization in every county, and stating in plain and explicit language what are the rights and duties of colored voters under the Fifteenth Amendment, so that this class may be prepared to act and vote intelligently

Democratic Sympathies

The *Times*, in an editorial on the subject of the French vote on the *plebiscite*, very correctly states the position of modern democracy It compares the Government of France with ours and gives the Empire the preference The "Constitutional reform" submitted to the vote of the French people is well known to be a mere device to perpetuate the dynasty of Napoleon, and is heartily opposed by every republican in Europe, on the ground that it gives no real reform but perpetuates a grinding tyranny Yet this Democratic sheet does not hesitate to say that, "in view of the absolutism which prevails in our Congress, it will scarcely be too much to say that France *will possess more freedom than* OURSELVES if the device of despotism goes through the farce of adoption. To quote again, "Congress is more autocratic than Napoleon, even as he now is and while we are republican in *name*, we have a score of tyrants." "The height of perfection in government is the greatest good to the greatest number, and France has *more of this quality* than *we*, under radical rule"

It is not necessary to multiply quotations The gist of the article is, that France has a better government than ours—that the absolute power vested in the Emperor is preferable to reposing the same power in the hands of the people That a nation possessing scarcely the territory of any two of our Western States, which has to keep a standing army of eight hundred thousand men, equipped and ready to put down its own people, is much better off than the United States, with a total army of about thirty thousand men, widely spread as a picket guard on the frontiers and which does not interfere with the rights of the citizen This sufficiently indicates on which side Democracy ranks itself It declaims loudly for liberty and equality, and to secure it demands the establishment of unmixed despotism and the rule of military power

The Democracy of Europe would find themselves in strange company if they allied themselves with the modern Democratic party in this country All their efforts are directed toward getting rid of the very system of oppression which the American Democracy applaud They demand freedom and equality before the law, and the overthrow of the doctrine of the divine right of kings Our Democracy demands slavery, inequality, and prefers the right of kings to the rule of presidents and representatives directly elected by the people and responsible to them The difference in principles and purposes is too striking to need much comment and shows to what base uses a name can be perverted in this country Our Democracy have shown themselves the natural allies of slavery and despotism for many years They have uniformly taken the side of the oppressor against the oppressed, but it is only recently that they have avowed a preference for an empire over a republic. The *Times* in giving expression to its preferences is only furnishing a rallying cry for its party —*Republican*

The distances in nautical miles of the proposed line of telegraph cable by Cyrus W Field's route from California to China are as follows From San Francisco to the Sandwich Islands, 2 080 thence to Midway Islands 1 140 thence to Yokohama, Japan 2 260 thence to Shanghae, 1 035 miles To this is to be added one-sixth of the whole to make statute miles (1 056 miles,) and also the usual twenty per cent allowance for slack in paying out cable (1,520 miles) making the total length of cable required to connect San Francisco Cal, with the Sandwich Islands, Japan and China, 9,121 miles It is said the Committee on Foreign Relations are unanimous in giving \$500 000 a year for twenty years instead of lands

DEMOCRATIC TRICKS It is authoritatively charged in the Philadelphia *Press* that certain Democratic Congressmen, representing the strongest iron and manufacturing districts of Pennsylvania, have been in the habit during the discussion on the tariff bill of voting with the free-traders when the vote taken *viva voce* is not recorded and with the protectionists when the yeas and nays are called and recorded This belongs to the lowest stratum of political meanness and the deceptious gentlemen should be ferreted out and ventilated

At a very successful seance in Cincinnati the other night, a man burst into tears when the medium described very accurately a tall blue eyed spirit standing by him with light side whiskers and his hair parted in the middle "Do you know him?" inquired a man at his side in a sympathetic whisper "Know him I guess I do" replied the unhappy man wiping his eyes "He was engaged to my wife If he hadn't died he would have been her husband instead of me Oh George George" he murmured in a voice choked with emotion "why why did you peg out?"

A Western stump orator in the course of one of his speeches remarked "Gentlemen of the Party If the ocean were an inkstand and the blue cloud ed canopy of heaven and the level ground of our yearth wur a sheet of paper I couldn't begin to [illegible] country ort to it

---

We have always contended that no more Chinese would come to this country than would supply the natural labor demand and that when the Chinese immigration should come to be in excess of such demand immigration would cease Now our position in this matter has been fully sustained The Six Chinese Companies of San Francisco, who manage and control this whole matter of immigration [illegible] of all the [illegible] have issued a circular to [illegible] in China [illegible] In it they state that the [illegible] for Chinese labor is overstocked that few of them can obtain more than a bare subsistence that the [illegible] have [illegible] to be remunerative and in short that *there [illegible]* They also urge as against further immigration, the ill treatment to which the Chinese are subjected on all sides that they are not respected, but are put upon the level with beasts of burden that the women have brought disgrace upon the respectable portion of the Chinese and that thousands of their countrymen are now destitute and suffering and are living on the bounties of the merchants but that the latter cannot relieve all the distress that exists among the people The Six Companies think that their circular will very much retard Chinese immigration and it is to be hoped that they are correct in this view

When Daniel Webster and his brother Ezekiel were together, they had frequent literary disputes and on one occasion after they had retired to bed they entered into a squabble about a certain passage in one of their school books and having risen to examine the authorities in their possession they set the bed clothes on fire and nearly burned their father's dwelling On being questioned next morning in regard to the accident Daniel remarked that they went in pursuit of light but got more than they wanted

In Jackson county the Democratic party is split wide open and the conservative element is going to vote with the Republicans They say they cannot vote for Fay and his repudiation platform They intend to defeat the Democratic ticket in that county, and reports say that Jo Wilson will carry the county against Slater

A young man from the country went to one of our fashionable up town hotels and entering the restaurant asked for his dinner An obsequious waiter, on handing him the bill of fare, was curtly told "that he did not care about reading then, and that he would rather have his dinner first"
